## Plumbing Care

Never pour cooking oil or other greasy materials down the drains. Oils and grease used in cooking may be liquid after use, but they can harden inside pipes and cause blockages. Instead of pouring grease down the drain, wipe it off the pot or pan with a paper towel, place a slice of bread in it to soak the grease up and throw it away or pour cooled oil and fats into a non-recyclable container and then dispose with the trash.

Avoid putting feminine products and wipes of any kind down the toilet. They will not only plug your toilet but also plug the sewer line.

Please make your family aware of what should and should not be put down the drain. If maintenance finds the clog is due to tenant neglect, you will be charged.

## School is Starting...so keep your eyes open!!

It's time again for kids to head back to school. Please make sure all household members and guests drive carefully, especially near the bus stops. Help make this a safe school year for everyone!!

## Attention Hi-Rise Tenants...

*Do not put containers of used oil down the garbage chute. When the containers hit the dumpster on the 1st floor, they break and make a mess for maintenance to clean up.*

*Please put these containers in the garbage tote in the outside corral.*

## Fire Safety Poster Contest...

October is fire safety month and with that comes our annual Fire Safety Poster Contest. This year's theme is "Learn the Sounds of Fire Safety". Be on the lookout for information regarding the contest. Your child could win up to \$50!

## Labor Day...

Please note, the office will be closed on Monday, September 6th.

### Good Housekeeping Awards

The Newark Housing Authority would like to congratulate the following tenants who received good housekeeping awards for the months of July:
